## 2019 Dates – let your students experience the difference.

With the addition of new campsites and activities, the inclusion of our My Kampsite Rules tables and cookers to more of our campsites, a dining hall refurbishment, the employment of additional fulltime group leaders and innovative programming, our capacity to facilitate many and varied programs has increased.

As it is such a popular time of year we have expanded our facilities to accommodate more students in the peak weeks of **Term 1**. We still have dates available in **Weeks 5, 7, 8 and 11** that will suit many year levels and program styles.

Terms 2 and 3 are the perfect times for camping and campfires, and Term 4 ends the year on a positive note. We have dates available in many key weeks in **Terms 2, 3 and 4** for varied programs and numbers.

### Contact Us

Please do not hesitate to contact Danielle for further information on our activities and programs, our costs, our facilities, our difference.
